Connoisseurship

what determines “good, better and best”

AXEL Interiors opened last spring, quickly emerging as the leading resource in Fairfield County for maker-made furniture created by artisans from Brooklyn to Maine. Owner Andrea Cross envisioned AXEL in response to the growing interest in furnishings that are authentic, finely crafted, and versatile enough to work with informal, modern interiors.

AXEL caters to trade professionals, serving as the CT representative showroom for **Rodolph** fabrics, **Interior Crafts** furniture, and **The Belgian Shade Company**.
